SUMMARY OF CHANGES

Changes in Section SF 30

The following changes are made to the technical requirements:

1. Remove and reinstall the security system as indicated on the attached drawing.
2. Existing roof material (for information only) is shown in detail on attached drawing.
3. Add the following statement to Fire Alarm Requirements:

Fire alarm system shall be equipped and interconnected with the existing security system to insure, upon activation of an alarm, that the security system deactivates automatic door locks to permit access by fire department personnel.
